FISCAL YEAR 2009 PROJECT REQUEST FORM

Project Name: Chilkat Valley Electrification Project Completion Funds

Project Location: Chilkat Valley between Haines and the Canadian border

Project Description (please attach additional pages as required):

Area electrification to serve approximately 300 homes and businesses in the Chilkat Valley between mile 10 Haines Highway and the Canadian border, line distance of backbone and laterals of approximately 80 miles. This was the largest number of Alaskans on a road system without central station electric service (white paper will describe the project in greater detail). IPEC incurred a large debt to construct the system, and is asking for funding to pay down the debt. IPEC's residential customers are currently paying \$.56 per kWh due to high costs of fuel used for generation, and debt service and depreciation on the Chilkat plant.
