FISCAL YEAR 2009 PROJECT REQUEST FORM

Project Name: Knik Arm Bridge and Toll Authority – Security Fence

Project Location: Anchorage, AK

Project Description (please attach additional pages as required):

In the interest of Port and Homeland Security, a structural fence (barrier) is proposed as a separation between a future regional access road, Elmendorf Air Force Base, and the Port of Anchorage (POA). The barrier serves many purposes, including:

- 1) Provides a high, strong security barrier behind the POA
- 2) Allows more land creation for the POA
- 3) Provides a means to control troublesome drainage and seepage behind the POA thus reducing icing and maintenance
- 4) Will allow dual use as a future road support for Knik Arm Crossing access.
- 5) Can be constructed immediately and provide serviceability.
